

Accessibility Plan

Revised: January 2019

Vision and Values

We have high aspirations and expectations for our children and young people with special educational needs and disabilities. It is our aim to ensure full entitlement and access for pupils with special educational needs and disabilities to high quality inclusive education within a broad, balanced and relevant curriculum so that they can reach their full potential, become confident individuals and make a successful transition into adulthood.

During the transition period between Year 6 and Year 7, we hold meetings with Primary Schools to ensure all necessary arrangements are in place to support pupils when they begin secondary school. Extra meetings or visits can also be arranged to ensure pupils, parents and carers feel confident with the transition.

Information gathering

14% of students currently on roll are on the Special Educational Needs (SEN) register. Of these students the category of need is as follows:

- Autism – 6 pupils
- Social, Emotional and Mental Health – 28 pupils
- Visual Impairment – 1 student
- Speech, Language and Communication – 6 students
- Hearing Impairment – 2 students
- Physical – 9 students
- Moderate Learning Difficulties – 22 students
- Specific Learning Difficulties (e.g. dyslexia or dyscalculia) – 35 students
